

## Around the Campus

1970 Vol 2 Issue 7

The Editorial Board

NO MONEY, NO TALK — Waiting, waiting, our Medic Handbook is yet to come. Reason? Simple. In previous years, the printing of our Handbook was financed by firms outside. This year, we failed to secure any sponsor. So the Medical Society has decided to postpone the printing of our Handbook until the First Year, 1970-71 has joined us whereby their names and addresses may be included.

\*\*\*\*\*

NEW FRATERNITY OFFICIALS — Now is summer. Now a new year is coming in. So now is the time when the Fraternity Committee changes session. The new Chairman of the Committee is Mr. Wan Ho Yue, who was also the Class Representative of Second Year, 1969-70. Meanwhile he is authorized by the Medical Society to form his Committee. So, our new friends, be ready to accept our fraternal love.

\*\*\*\*\*

DANCE IN, DANCE OUT — “Dance in.” So this is the name of the informal dance organized by the Medical Society on the 8th of August in Loke Yew Hall. Meanwhile, we must not forget that 17 of our best sportsmen/women are in Kuala Lumpur, joining the 12th B.I.G. They are thus deprived of this joyful function. But who knows they are not “dancing out” softly over there? (N.B. Just a word about the Posters: They are not VERY beautifully drawn.)

\*\*\*\*\*

PAIRING PROCESS — Who says Medic students do not know about romance? The pairing process among Medics is going on all the time. Apparently, various degree examinations act as catalysts for this process, for the number of pairing rises steeply after each M.B. Examination. At the present, 3rd year (69-70), with about 8 pairs, seems to be heading the list. The word “about” has to be used because some are so cautious that they escape the attention of even Sherlock Holmes. My dear friend, are you one of them?
