

ZE5™ Cell Analyzer

Superior performance and flexibility to align with your flow cytometry needs

We invite you to attend a presentation:

Define Your Flow: Introduction of Bio-Rad ZE5™ Cell Analyzer

The ZE5™ Cell Analyzer is an innovative new flow cytometer with flexible configurations to meet a broad range of experimental complexities and throughput needs. The 30 parameters that comes with ZE5 will provide you a truly expandable flow cytometer to fit into your workflow whether it's a low-complexity, or a high-complexity experiment.

Date: Monday, December 11th, 2017
Time: 10:30 AM – 12:00 noon
Venue: Seminar Room 4
(G/F, Room LG-S4, Laboratory Block)
Presenter: **Jack Zhu**
Field Application Specialist, Cell Biology,
Asia Pacific

We invite you to join us for the demonstration experiments:

Date: December 12th – 15th, 2017 (Tuesday – Friday)
Venue: L-503, 5/F, Laboratory Block

Please drop by on Monday, December 11th afternoon to discuss with us your experiments!

For enquiry and registration, please contact:
