MEDVPN2 Installation Procedures for Windows 7

Create a "MEDVPN2" icon for connection (to be done once only)

1. Click Windows Start button, and then Control Panel.
2. Click Network and Internet

3. Click Network and Sharing Center
4. Click **Set up a new connection or network**

5. Select **Connect to a workplace** and then click **Next**
6. **Optional Step** If you have connections setup already, ignore them and click **No, create a new connection**, Then Click **Next**

7. Click **Use my Internet connection (VPN)**
8. In the next window, enter the following:

- Enter **medvpn2.hku.hk** in **Internet address** box
- Enter **MEDVPN2** in **Destination name** box
- Check **Don’t connect now; just set up so I can connect later**
- Click **Next**
