

Bank of China International (“BOCI”) is seeking a full-time junior to mid-level investment banker to join its healthcare & biotechnology investment banking team. Job duties include supporting senior bankers in assessing pharmaceutical, biotech products being developed and produced by companies in Greater China and overseas; analyzing the pharmaceutical and healthcare service industry; and executing financial transactions.

BOCI’s healthcare & biotechnology sector team serves its clients in transactions such as initial public offerings (IPOs), equity placements, and mergers & acquisitions (M&As). Clients served are mainly based in Greater China and some are based overseas. BOCI’s healthcare & biotechnology business had developed into one of the most active players in the Hong Kong capital market.

Qualified candidates possess a master’s or PhD degree in pharmacology, pharmacy, biomedical, biochemistry or an equivalent field. Candidates with financial and/or accounting knowledge are preferred but not required. Candidates need to command fluent Mandarin and English. Proficient writing & reading of Chinese is required.

中银国际正寻求一名初级至中级投资银行家加入其投资银行部的医疗医药团队。工作职责包括协助上司评估大中华区与海外研发、生产的生物科技和医疗技术，以及分析医疗服务、医药行业，并且参与执行金融交易项目。

中银国际的医疗医药团队主要从事业务包括首次公开募股（IPO），股票配售以及并购。服务的客户主要位于大中华地区，部分位于海外。中银国际的健康与生物科技业务是香港资本市场其中最活跃的。

合格的候选人拥有药理学、药剂、生物医学、生物化学、中药或同等学历的硕士/博士学位。具有金融或会计知识的候选人是首选，但不是必需的。候选人需要精通普通话和英语，能读写优良中文。
