

Research Assistant I/ Research Assistant II (Ref.: C2i064P3)

Job Reference Number: C2i064P3

Centre for Immunology & Infection Limited

The Centre for Immunology & Infection (C2i) uses novel technology platforms for biomarker discovery and the development of new vaccine and therapeutic strategies.

It is the fruit of a long-standing partnership of more than 20 years between the LKS Faculty of Medicine of the University of Hong Kong (HKUMed) and the Institut Pasteur, Paris, two major international leaders combining their expertise to establish this centre of excellence.

C2i addresses major unmet global and local public health needs with excellent potential for commercial exploitation.

Job Description

Applications are now invited for appointment as **Research Assistant I/ Research Assistant II (Ref.: C2i064P3)**, to commence as soon as possible, on a one-year contract basis with the possibility of renewal subject to satisfactory performance and mutual agreement.

Research Assistant I/ Research Assistant II (Ref.: C2i064P3)

Applicants should possess a higher certificate, preferably in Biological Sciences, Biotechnology, Public Health, Laboratory Techniques, or related disciplines. They should also have good computer knowledge and IT skills, and a good command of written and spoken English and Chinese (including Mandarin).

He/She is expected to work in a team, with self-motivation, a strong sense of responsibility, and willingness to learn new techniques on need basis. Those with fieldwork experiences related to biological research studies would have an advantage.

The appointee will join a multidisciplinary research team to assist in routine fieldwork sampling and logistics, surveillance work, basic sample processing, fieldwork equipment maintenance, laboratory tasks coordination (in particularly for those related to the Insectarium), data recording, entry and filling, database maintenance, and other duties as assigned.

Those with higher qualifications and/or more related experiences may be appointed as Research Assistant I.

A highly competitive salary commensurate with qualifications and experience will be offered, in addition to annual leave and medical benefits.

Applicants should submit their up-to-date C.V., quoting the job reference number, current/expected remuneration and availability, and research publication list, if applicable, to jobs@c2i.hk. Review of applications will start as soon as possible and continue until the post is filled. Shortlisted candidates will be invited to attend an interview.

The personal data provided in the application process will be used for recruitment and other employment-related purposes. The personal data may be transferred and disclosed to and used by HKU Innovation Holdings Limited and The University of Hong Kong for the above purposes.

Shuttle bus service is available to/from Hong Kong Science Park for commute. We are an equal opportunities employer and welcome applications from all qualified candidates. C2i thanks applicants for their interest but advises that only shortlisted applicants will be notified of the application result.
