

Course Title & Code: **Techniques and Applications of Molecular Pathology (MMPH6139)**
Course Co-ordinator: **Professor ACF Sin and Professor RCL Lo, Department of Pathology**
Venue: **Room 035, 6/F, Block T, Queen Mary Hospital**
Tentative Examination Date & Venue: *to be confirmed*

Timetable

<u>Date</u>	<u>Time</u>	<u>Lecture Topic</u>	<u>Lecturer</u>
Tuesday, 14 October 2025	14:00-16:00	Role of Molecular Pathology in the Diagnosis of Diseases	Prof ACF Sin
Tuesday, 14 October 2025	16:00-17:00	Assignment of Essay Topics	Prof ACF Sin
Tuesday, 21 October 2025	14:00-17:00	Molecular Pathology of Virus Related Diseases: Human Papilloma Virus	Prof A Cheung
Tuesday, 28 October 2025	14:00-17:00	Molecular Pathology of Virus Related Diseases: Epstein Barr Virus	Prof JM Nicholls
Tuesday, 4 November 2025	14:00-17:00	Defects in DNA Mismatch Repair and Colonic Cancer	Dr TL Chan
Tuesday, 18 November 2025	14:00-17:00	Molecular Diagnosis of Malignant Lymphoma	Prof RKH Au Yeung
Tuesday, 2 December 2025	14:00-17:00	Genetic Screening for Cancer Susceptibility I- Familial Colorectal Cancer	Prof ST Yuen
Tuesday, 9 December 2025	14:00-17:00	DNA Methylation Study and its Association with Cancer	Dr Timothy Yip
Tuesday, 6 January 2026	14:00-17:00	Genetic Screening for Cancer Susceptibility II- Breast and Ovarian Cancer	Prof US Khoo
Tuesday, 13 January 2026	14:00-15:00	Clinical Applications of Mass Spectrometry in Molecular Pathology	Prof KHT Ma
Tuesday, 13 January 2026	15:00-18:00	Student/Essay Presentation	Prof RCL Lo
