THE UNIVERSITY OF HONG KONG
LI KA SHING FACULTY OF MEDICINE
香 港 大 學 李 嘉 誠 醫 學 院

Application for
PhD Programme at AIDS Institute,
Department of Microbiology, Li Ka Shing Faculty of Medicine,
The University of Hong Kong

AIDS Institute was established in late 2007 as one of the strategic research direction of The University of Hong Kong, which is a world-class, English-medium University with distinguished excellence in research and outstanding performance in teaching.

Scientists at the AIDS Institute are fully committed to conduct basic and applied research that facilitates the understanding of HIV/AIDS. Our recent discoveries are summarized in various peer-reviewed publications (e.g. Nature Microbiology, Mucosal Immunology, Journal of Clinical Investigation, Molecular Therapy, Journal of Virology, JAIDS, etc).

Area of research mainly include:

- Vaccine, Antibody Engineering and Immunogen Design;
- HIV-1 Pathogenesis and Host Defense Mechanism;
- Novel Anti-HIV Drug Discovery

We are seeking for talented, self-motivated and enthusiastic candidates to join our institute.

Regular full time PhD positions are normally considered eligible to receive a Postgraduate Scholarship (PGS) during the normative study period. The amount of PGS is HK$17,330 (US$2,216) per month for 2020-2021. Top Applicants can also apply for University Postgraduate fellowship or Hong Kong PhD fellowships Scheme (HK$25,800 per month) or others, please visit http://www.gradsch.hku.hk/gradsch/prospective-students/scholarship-funding-and-fees.

For information about admission requirements and application procedure, please visit http://www.gradsch.hku.hk/gradsch/prospective-students/how-to-apply.

For additional information about our institute, please visit http://www.med.hku.hk/aidsinst/ or contact us through email to: aidsinst@hku.hk.
